

## Serious Near Miss – Vehicle Rollaway

### What Happened:

Whilst attempting further repair to a damaged trailer sliding roof from inside the trailer, the truck and trailer have started moving. The driver has run to rear of the trailer and jumped out the rear doors and tried to run after the truck to apply the vehicle handbrake.

The truck has come to a stop after colliding with a concrete block used for trailer parking segregation. **Luckily there were no injuries.**

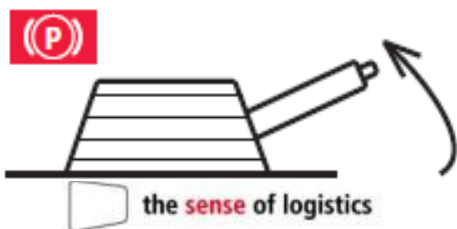

### Initial Findings:

- HANDBRAKE ALARM NOT FITTED

### Actions:

- ✓ Investigation underway further details to follow at a later date
- ✓ All drivers to be extra vigilant when exiting their cabs – **ENSURE HANDBRAKE IS APPLIED – REMEMBER:**

Park brake **ON**

Ignition **OFF**

Key **OUT**
