

PPE Zero Tolerance

Personal Protective Equipment (PPE)

All drivers must be equipped with the correct safety and operational equipment prior to entering a customer's site.

Drivers failing to arrive with or wear the correct safety equipment will be refused entry to site and turned away. No equipment will be lent or issued.

In order to facilitate the replacement of lost, damaged or missing items of Personal Protection Equipment, P&O Ferrymasters has identified the below suppliers who are near to the collection sites and can sell the driver the missing items of equipment.

Please instruct drivers to go to the local PPE supplier to purchase missing or damaged equipment before reporting to the site

Please consult the Locations page of our Carrier Info website <https://carrierinfo.poferrymasters.com/> to understand what equipment is required at the point of loading.

Please then download the directional and information map to the equipment suppliers, closest to the collection point:
